### GLOBAL INNOVATION

April 2009

[The use of patent analytics in measuring innovation](#): Governments, academia and industry use patent analytics to inform policy decisions, track trends and to obtain technological and commercial intelligence.

**PREFER A DIFFERENT  
FORMAT?**

[PDF copy  
of KnowledgeLink](#)

### INFORMATION PROFESSIONAL DEVELOPMENT

[Why has the number of articles in Web of Science gone down?](#): Why has the number of articles in *Web of Science* gone down, while the number of proceedings papers has gone up?

[All change for online peer review](#): Our manuscript submission and peer review workflow solutions have a new name, a new reporting tool and a new interface for Chinese language publishers.

### INTELLECTUAL PROPERTY

[Exploring the intellectual property lifecycle: new website and blog](#): Intellectual property is the power that keeps a business moving forward. Our new website includes an overview of the IP lifecycle and an intelligent IP blog.

[The new age of intelligent IP - free seminars](#): Join industry leaders at free seminars created exclusively for intellectual property professionals.

[Peter Norton receives the tenth annual IPI Award](#): Peter Norton, formerly of Thomson Reuters, has received the annual IPI Award for outstanding contribution to the development of patent information.

### PHARMACEUTICAL KNOWLEDGE

[Free pharmaceutical insight and analysis for your next presentation](#): We are pleased to offer you a selection of our latest metrics data free to download as Microsoft® PowerPoint slides.

[Movers and shakers in US generics](#): Which companies are beginning to make their mark on the US generics market?

[Generic drug industry outlook](#): A look at the future of generics via a video interview with Thomson Reuters Director of Generics, Kate Kuhrt.

[Biomarkers in Asia](#): Our 'Establishing the standards in biomarkers research' whitepaper was the cover story of PharmaAsia earlier this year

[Pharma Vision meetings in Japan - and save the date for US and Europe](#): Pharmaceutical information users came together in Japan at the first Thomson Reuters Pharma Vision meeting in the region. Later this year customers in the US and Europe will be invited to similar events.

### SCIENTIFIC RESEARCH

[Hottest research of 2007-08](#): Science Watch takes its annual look back at the hottest of recent research.

[Preserving the integrity of the Journal Impact Factor](#): Guidelines for preserving the integrity of the Journal Impact Factor have been published in our Citation Impact Center.

[Are you ready to become a number?](#): The March issue of Science asked if life could be a lot easier if every scientist had a unique identification number.

[More doors open for scholarly research collaboration](#): New enhancements to *ResearcherID* enable even further collaboration across disciplines and around the world.
